Dear Majority Leader McConnell and Minority Leader Schumer,

On behalf of the organizations listed below, we write to express our strong support for H.R.5363, the FUTURE Act. This legislation passed the House under suspension earlier today and is substantially similar to H.R. 2486, which passed the Senate under unanimous consent last week. The bill is fully offset, enjoys strong bipartisan support, and offers practical solutions to critical issues facing students and institutions.

This legislation addresses several important issues. First, it would restore, and make permanent, critical mandatory funding for Historically Black Colleges and Universities, Hispanic-Serving Institutions, Tribal Colleges and Universities and other Minority-Serving Institutions that had expired at the end of September, allowing those institutions to strengthen STEM education programs and build institutional capacity to better serve students. It is vital that this funding be restored immediately as campuses are already making decisions regarding staffing, facilities and programming, which are directly influenced by the availability of this support.

Beyond the benefits to historically under-resourced institutions, the FUTURE Act would make significant improvements to the federal student aid system, by simplifying and streamlining the processes for applying for student aid and repaying student loans. This will dramatically simplify the Free Application for Federal Student Aid (FAFSA) and make it far easier for low- and middle-income families to apply for and receive federal student aid. In addition, the changes proposed in the legislation will also make the process of paying for college significantly easier for students and their families. This bill would also strengthen the accuracy and effectiveness of the administration of these programs.

Finally, the bill includes additional funding for the Federal Pell Grant program, which is the cornerstone of federal student aid. These grants enable millions of low-income students to access and afford college, and we appreciate the inclusion of additional support for this valuable program.

For all of these reasons, we ask that you bring this bill forward for a vote as soon as possible, and send it to the President for enactment into law. We appreciate your attention to this important legislation.

Sincerely,

Ted Mitchell
President
